            <p class="section-caption">
                A blend of tech curiosity, structured learning, and love for
aesthetics.
            </p>
        </header>

        <div class="split two">
            <div class="card soft about-card">
                <p>
                    I am Suhani, a B.Tech Computer Science (AIML) student
passionate
                    about programming, problem-solving, and creative self-
development.
                </p>
                <p>
                    I am currently exploring foundational computing subjects such
as
                    <strong>C, Python, Java basics, mathematics, and digital
electronics</strong>.
                    I take part in labs, coding assignments, workshops, seminars,
and tech events
                    to grow both practically and academically.
                </p>
            </div>
        </div>
    </div>
</section>

```

```
<p>
    Beyond academics, I love maintaining a <strong>balanced
lifestyle</strong>.
    Gym sessions, skincare routines, journaling, and aesthetics
are a big part
        of my everyday life. I believe that taking care of the mind
and body
            directly helps me perform better in tech.
</p>

"Share • Learn • Grow"

FIRST-YEAR • CSE (AIML)

Hi, I'm Suhani Singh

Tech learner • Problem solver • Creativity enthusiast
I'm a B.Tech CSE (AIML) student at KIET, building my foundation in programming, logic, and a balanced, aesthetic lifestyle.

[Explore My Portfolio](#)
[Let's Connect](#)

ABOUT

Get to Know Me

A blend of tech curiosity, structured learning, and love for aesthetics.

I am Suhani, a B.Tech Computer Science (AIML) student passionate about programming, problem-solving, and creative self-development.

I am currently exploring foundational computing subjects such as **C, Python, Java basics, mathematics, and digital electronics**. I take part in labs, coding assignments, workshops, seminars, and tech events to grow both practically and academically.

Beyond academics, I love maintaining a **balanced lifestyle**. Gym sessions, skincare routines, journaling, and aesthetics are a big part of my everyday life. I believe that taking care of the mind and body directly helps me perform better in tech.

Currently Exploring

"Currently exploring the world of technology and building my foundation in programming."

- Fundamentals of C & Python
- Logic building & basic problem-solving
- Simple web pages using HTML & CSS
- Early exposure to AI/ML concepts

EDUCATION**Academic Path****CURRENTLY PURSUING****B.Tech in Computer Science & Engineering (AIML)**

KIET Group of Institutions • 2025–2029

Building a solid base in programming, mathematics, and core CS subjects, with a special focus on Artificial Intelligence and Machine Learning.

SKILLS**Skills & Learning Areas****Programming**

C Python

Frontend Basics

HTML CSS

Soft SkillsCommunication Problem Solving
Teamwork

C Programming

PROJECTS

Early Projects

A glimpse of what I'm learning and experimenting with.

HTML • CSS

Travel Website

A mini-project built using HTML and CSS that displays tourist destinations, categories, and simple navigation in a clean layout.

- Section-based travel landing page
- Cards for tourist locations (with placeholder images)
- Simple responsive structure

Beginner web project reflecting design & layout basics.

ELECTRONICS • IOT CONCEPT

Smart Gadget (Concept)

A beginner-level idea of a smart device such as a simple reminder gadget or smart light that reacts to basic conditions.

- Introduces sensor & microcontroller concepts
- Focuses on automation for user comfort
- Connects coding logic with real-life problems

Conceptual tech idea to bridge theory with real-world usage.

SERVICES

Currently Learning & Improving

I'm still learning — these are areas I'm growing into and may offer in the future.

COMING SOON

Basic Web Development

Learning to design clean, responsive web pages using HTML and CSS with a focus on simplicity, structure, and a visually pleasing UI.

IN PROGRESS

Problem-Solving & Logic

Practicing logical questions and beginner coding problems to prepare for future topics like data structures, algorithms, and AI.

CONTACT

Let's Connect

Reach out for collaborations, ideas, or simply to talk about tech and learning.
